

Nifty50

Closing price	R1	R2	S1	S2
24576.60	24,800	25,300	24,300	24,000

The Nifty 50 is witnessing a recovery after a sharp decline, but the overall structure remains cautious. The index has bounced from the 22,500–23,000 zone and is now testing a key resistance near 24,600–24,800, which aligns with the 20 and 50 EMAs, making it a critical supply zone. RSI has improved towards the 55–60 range, indicating strengthening momentum, but not a confirmed trend reversal yet. A decisive close above 24,800 could trigger an upside move towards 24,800–25,300. However, failure to sustain may invite fresh selling pressure. On the downside, immediate support is placed at 24,300, followed by 24,200, keeping the broader bias cautious.

Bank Nifty

Closing price	R1	R2	S1	S2
57371.45	58000	59,500	56,800	55,500

The Nifty Bank is showing a sharp recovery after a steep correction, with prices rebounding from the 50,000 zone and now approaching a key resistance near 57,500–58,000, which aligns with the 50 and 100 EMAs. The move is supported by improving momentum as RSI has bounced back towards the 60 mark, indicating strength in the ongoing pullback. However, the index still trades below major moving averages, keeping the broader trend cautious. A decisive breakout above 58,000 can push the index towards 59,500–60,000 levels. On the downside, immediate support is placed at 56,800, followed by 55,500.

Intraday call

Stock Name	Buy In Range	SL	TGT
RAYMOND	445-450	438	475

Raymond is showing a strong bullish reversal with price breaking above a descending trendline and forming higher highs and higher lows. The stock has reclaimed short-term moving averages, indicating a shift in momentum from bearish to bullish. RSI is rising into bullish territory, reflecting strengthening momentum. Volume expansion during the breakout supports buying interest. Intraday bias remains positive, with price action favoring continuation if momentum sustains with active participation.

Delivery call

Stock Name	Buy In Range	SL	TGT
AUBANK	1045-1050	995 (closing basis)	1125

AU Small Finance Bank is showing a strong bullish breakout from a prolonged consolidation zone, supported by a wide-range candle and improving volume participation. Price has reclaimed and sustained above key moving averages, indicating trend strength and alignment. The structure reflects a shift from lower highs to higher highs, signaling trend reversal. RSI is trending in bullish territory, reflecting momentum strength. Positional bias remains positive, with price action favoring continuation on sustained buying interest.
