

Nifty50

Closing price	R1	R2	S1	S2
24119.30	24,400	24,600	23,700	23,300

- The Nifty 50 is currently consolidating near the 24,000–24,300 zone after a recovery from recent lows, indicating a pause in momentum. The index is trading around the 20 EMA but remains below the 50 and 100 EMAs, suggesting that the broader trend is still cautious. The immediate resistance is placed near 24,400–24,600, where previous supply exists, while support is seen at 23,700 followed by 23,300. RSI is hovering around the 50–55 range, reflecting neutral momentum with slight bullish bias. A breakout above resistance could extend the rally towards 25,000, while failure to sustain may lead to renewed consolidation or mild downside pressure.

Bank Nifty

Closing price	R1	R2	S1	S2
54878.50	55,500	56,000	54,000	53,500

- The Nifty Bank is currently consolidating after a sharp recovery from lower levels, but momentum appears to be fading near the 55,500–56,000 resistance zone, which aligns with key moving averages. The index is struggling to sustain higher levels, indicating supply pressure and lack of strong follow-through buying. RSI is hovering around the 45–50 zone, reflecting neutral to slightly weak momentum. Immediate support is placed at 54,000, followed by 52,000, while a breakout above 56,000 is required for further upside towards 57,500–58,000. Overall, the structure suggests a range-bound to cautious bias, with a preference for sell-on-rise until a clear breakout is confirmed.

Intraday call

Stock Name	Buy In Range	SL	TGT
ADANIPOINTS	1750-1755	1695	1815

Adani Ports is showing a strong bullish breakout with a sharp impulsive move supported by rising volumes. Price action reflects higher highs and sustained strength above key moving averages, indicating trend continuation. The alignment of short-term averages suggests momentum is firmly positive. RSI is in bullish territory and nearing overbought, highlighting strong momentum but potential for minor pullbacks. Intraday bias favors buying on dips, with price action supporting continuation if momentum sustains.

Delivery call

Stock Name	Buy In Range	SL	TGT
LAURUSLABS	1170-1175	1110 _(closing basis)	1250

Laurus Labs is showing a strong bullish continuation after breaking out of a consolidation zone, supported by a sharp upward move and sustained buying interest. Price action reflects higher highs and higher lows, confirming an established uptrend. The stock is trading above key moving averages, indicating strong trend alignment. RSI is in bullish territory, signaling momentum strength without extreme exhaustion. Volume participation has improved, supporting accumulation and a positive positional outlook.
